

Nursery Overview of Learning Summer 1

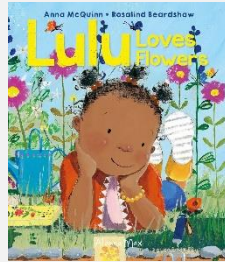

This half term in N Rosen, we will be exploring...

Literacy

In Literacy, we will be sharing two key texts, 'Jasper's Beanstalk' and 'Lulu loves Flowers' and continue to develop our concepts about print.

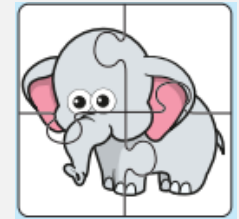

We will use print and letter knowledge in writing by labelling our drawings and writing more recognisable letters in our names. We will continue to practise the following beery shapes too...

Maths

In Maths, we will revisit and extend our learning of pattern by spotting real-life patterns and beginning to create our own through art. Building on this, we will begin to copy and create AB patterns and develop our knowledge of a 'repeat'. We will develop our awareness of shape, space and measure by completing simple jigsaw puzzles of 4 - 6 pieces. Lastly, we will extend our ability to subitise by looking at dot patterns and playing games.

'In the Garden'

This half term, our topic is In the Garden. We will be thinking about the outdoor environment and how we can take care of it. We will be learning about different flowers, plants and planting our own seeds. We will explore the life-cycle of a plant and also share photos of our gardens at home. We will be on the hunt for mini-beasts too!

Phonics

In Phonics, we will continue exploring aspects 1-7 of Phase 1 with a particular focus on aspects 5 - 7 (alliteration, voice sounds and oral segmenting and blending). We will introduce Fred Talk and begin to orally segment and blend some CVC words. We will also look at the picture cards of Read Write Inc and identifying the letters by their picture.
