

Reception Learning Summer 2

This half term in Reception, we will be exploring...

Literacy

We will be sharing Somebody Swallowed Stanley and Look What I Have Found At The Seaside.

We will be continuing to use our 'Fred Fingers' to spell CVC and CVCC words (e.g. red / frog) when labelling pictures and writing captions or sentences. We will be trying to independently use simple punctuation in a sentence (capital letter / full stop), continuing to leave spaces between words and reading it again to check it makes sense!

Can your child write a simple non-fiction sentence/caption about a sea creature? E.g. This is a fish. It can swim.

Maths

In Maths, over the next 7 weeks we will be learning about 2d and 3d shapes. We will be sharing and exploring grouping and learning about odd and even numbers along with doubles. We will be exploring pattern and positional language.

Play the following video and encourage your child to join in:

<https://www.youtube.com/watch?v=8JFtdMDjNy8>

Under the Sea

This half term, our topic is "Under the Sea." We will explore different sea creatures and discuss how holidays have changed over time. We'll learn about coastal habitats and the impact of pollution on the environment. We will also study the changing seasons, focusing on summer, and we'll take a summer walk to the park. Additionally, we will create our own sea collage and explore colour mixing.

Please continue to support your child at home by hearing them read on a regular basis and following the Phonics links shared each week.

Thank you for your continued support,
The Reception Team
