

# Alexandra Park News

Friday 23rd May 2025

This must be one of the shortest half-terms we've ever had! That said, I'm delighted with how much our teachers and children have packed into it.

I'd like to say again how proud we all are of our Year 6 children — their effort and attitude towards the SATs has been outstanding. It's also been lovely to see them this week enjoying a few games of rounders and getting started on their £10 Challenge projects.

This week has also been **Green Week** across the school. We hope the children have enjoyed the activities and learned a little more about how they can care for the world we all live in.

I really do hope this great weather sticks around for the holiday — and that you all have a wonderful break!

## Care in the Community Awards

## Care in the Community Awards

It's always a pleasure to see how many children are nominated for the **Care in the Community Awards**, and the wide variety of ways they've made a difference. This time, we had children who have helped the homeless, picked up litter, celebrated VE Day, and raised money for charities — including through sponsored runs.

What stood out in many of the nominations, though, was the care our children have shown for their own families. From helping with new siblings to supporting unwell parents and grandparents, these thoughtful acts were especially touching to read about.

We are incredibly proud of all our **Care in the Community Champions** — thank you for showing such kindness and making a positive difference both inside and outside of school.

## EYFS

Nursery loved welcoming our parents into school for an Outdoor Stay and Play. We took our grown-ups around the playground and enjoyed joining in with all the different activities together. They helped us to plant a range of fruits, vegetables and flowers too, and we can't wait to take care of them as they grow!

## KS1

This week, Year 1 have been working on a Design Technology project, creating finger puppets. They researched, designed, made, and evaluated their puppets, culminating in a fantastic puppet show. It's been a great opportunity for them to develop creativity, problem-solving skills, and teamwork while having lots of fun!

## KS2

Year 4 enjoyed a truly memorable morning at Stockport County FC, where they had the amazing chance to play football on the same pitches as the professionals. The children spent time developing their skills, learning new techniques, and working together as a team to enhance their game. For many, walking onto those iconic pitches was a once-in-a-lifetime experience they'll always remember.

## Animals Take Over Year 6

As part of their Science topic on 'Evolution, Adaptation, and Inheritance,' the children had the exciting opportunity to hold and stroke a variety of animals while discovering how each one has evolved and adapted to its environment.

### **Important Dates**

Friday 23rd May 2025	End of Summer 1
Monday 9th June	Start of Summer 2
Thursday 19th June	Summer Disco
Thursday 26th June	OSCARS ceremony
